

Mountaineer Woodturners

A chapter of the American Association of Woodturners

May 2014

Business

President John Sheets called the May meeting of the Mountaineer Woodturners to order at 10:00 on Saturday, May 10, 2014. We had a good turnout of members and guests. Next month we'll be doing basic bowl turning techniques which will be primarily hands-on for all who wish to receive some instruction or tips. Byron will be bringing green wood for practice pieces. Tom Schottle, Larry Weese, Bryon Young, and John Sheets will all be at a lathe so we should be able to help everyone who wants assistance. Anyone who wants instruction should bring their own tools for evaluation. Often the grind is part of the problem. Also if they have a specific piece of wood they would like to work with, they can bring that.

All members who wish to sell at the Mountain State Arts and Craft Fair over July 4th should send a confirming email to John Sheets at jjsheets@gmail.com. If you sold last year, your number will likely be the same. This will all be finalized at the June meeting.

Byron Young has purchased an enclosed trailer which he will be using at craft shows, and has been gracious enough to offer its use for transporting our fair shelves and demo equipment. Tom will again kindly offer storage space in his barn for the shelves.

Show and Tell

Due to the large attendance, there were many wonderful pieces brought for show and tell, contributed by old members as well as our valued new members.

Demonstration by Alan Carter
